Newsletter - January 2012

Welcome to **2012** a special Birthday year for our Leap Year People! To start it off we have...

Winter SALE Jan 2 – 22

20% off or 30% when you purchase \$100.00 or more

***at Saskatchewan's
favourite teacher store toy store***

Spot It and Bananagrams continue to be our number 1 sellers for games used by all ages. Our games selection has been one of our fastest growing departments. With all the high tech phones, computers and electronics games out there it's exciting to see a move back to the old board games that friends and family can enjoy as a group.

Laminating Services - large projects machine – for 8 X 11 and larger. Very fast service for poster and chart size items. **Lowest laminating prices in town!**

Look at our **FACEBOOK** page. It has great reports on new products. We are always adding the new items as they arrive. Follow us on Facebook to learn about these great new products. Become a friend on Facebook.

1. **1.1. Rody Horse- fun for riding.**
2. **2.2. Chugginton Trains** Thomas and Friends newest creation. Popular new TV series
3. **Pacon Bulletin Board Paper** – comes in rolls to cover your bulletin boards - multiple colors to choose from, as well we have several scenes to pick from for student coloring
4. **Wooden Cardholders** Seniors and parents of very young children are buying 2-3 at a time. Seniors who had to quite playing cards because they couldn't hold the cards are buying and are loving being able to play once again.
Little Folks Visuals - awesome colors and fabulous design felt boards and pieces to set up scenes of creativity and story telling.
5. **Webkinz:** We have a very good selection
6. **Speed Stacking Sport Cups:** Cups, mats, timers and class sets available. Great fun for the home or school.
7. **Bubber** – made by the same people who we get our **Moon Sand** from. Light weight super for sculpture work- kids love the feel
8. **Valentine crafts by Debbie**, stickers, accents, borders, bulletin boards, charts, & books for all occasions and skills.
9. Great new **Science** area with magnets, kits, microscopes, slides, test tubes, rock polisher, magnifying glasses, reference books that cover most science topics.
